

Fire Warden Training

Duration: ½ Day

Overview: Employers have a legal responsibility to employ competent people to act as a fire warden in the event of a fire emergency situation. A Fire warden needs to have a basic understanding of what causes fire, how it spreads, and how it can be controlled. In addition, they need to understand the roles of the fire warden and fire marshal, and to be competent to use firefighting equipment if appropriate to do so.

Who this course is for?

Any Fire warden and competent person carrying out their duties under fire safety legislation.

Benefits of fire warden training to your organisation
