

## Safe Lifting And Slinging

**Duration:** 1 Day

**Overview:** This course is aimed at delegates who may be required to use lifting tackle for the moving of loads. It is for experienced operatives who require certification for the job they do.

**Content:**

- Statutory Requirements (LOLER & PUWER)
- Safety in the use of lifting equipment
- Selection and Inspection of lifting Equipment
- Certification of Lifting Equipment
- Methods of slinging
- Correct use of Slings
- Weight Assessment
- Load Movement
- Packing and Stacking
- Correct use of Signals

All courses are offered to the client 'on-site' to ensure the maximum simulation of the candidates working environment.

Courses can be tailored to suit the client's needs.

The number of candidates on the course will dictate candidate participation and practice. (Max 6)

A written test can be arranged to assess the theory content of the course.

*The application of safe working practice and compliance with specific legislation are the parameters within which each course is delivered*

**Award:** Each Trainee will receive a certificate of attendance on successful completion of course
